	GY-HC3000A	Hydrogen water bottle	Beauty and colon health, relieve stress, improve body balance body wellness	5min/10min mode PC food grade body Water capacity 390ml Concentration 4000-4500ppb Electrolysis cell Proton membrane Ti-Pt electrode	55	35.5-40.5
	GY-H150	Hydrogen inhaler	Promote cell metabolism , enhance body welness, relieve stress/fatigue, alleviate aging, rejuvenate beauty.	150ml/min hydrogen only 70W power, 300ml water tank SPE/PEM tech, plastic shell overheat protection, TDS water quality display, time adjustment	280	195-235

200ml-6000ml hydrogen inhaler all have:

Stable temperature control, water quality monitoring, water level warning, overheating warning, overpressure warning, child lock, automatic drainage

	GY-H200	Hydrogen inhaler	Promote cell metabolism , enhance body welness, relieve stress/fatigue, alleviate aging, rejuvenate beauty.	200ml/min hydrogen only 120W power, 1200ml water tank SPE/PEM tech, aluminium alloy shell	380	265-320
	GY-450-S	Hydrogen inhaler	Promote cell metabolism, comprehensively improve the immune system body health. Relieve stress/fatigue. Alleviate aging, rejuvenate beauty.	450ml/min hydrogen+oxygen=2:1 150W power, 1000ml water tank SPE/PEM tech, aluminium alloy shell	480	365-445
	GY-H600	Hydrogen inhaler	Promote cell metabolism, comprehensively improve the immune system body health. Relieve stress/fatigue. Alleviate aging, rejuvenate beauty. Improve physical sub-health	600ml/min hydrogen only 300W power, 2500ml water tank SPE/PEM tech, aluminium alloy shell	780	600-680
	GY-HX900	Hydrogen inhaler	Promote cell metabolism, comprehensively improve the immune system body health. Relieve stress/fatigue. Alleviate aging, rejuvenate beauty. Improve physical sub-health	900ml/min hydrogen+oxygen=2:1 360W power, 2500ml water tank SPE/PEM tech, aluminium alloy shell	800	600-680

	GY-HX1500	Hydrogen inhaler	Remove free radicals, elderly chronic diseases adjuvant therapy, treat neurological disorders and cerebrovascular diseases.	1500ml/min hydrogen+oxygen=2:1 400W power, 2500ml water tank SPE/PEM tech, aluminium alloy shell	1080	800-980
	GY-HX1800	Hydrogen inhaler	Remove free radicals, elderly chronic diseases adjuvant therapy, treat neurological disorders and cerebrovascular diseases.	1800ml/min hydrogen+oxygen=2:1 500W power, 2500ml water tank SPE/PEM tech, aluminium alloy shell	1180	950-1080
	GY-HX3000	Hydrogen inhaler	Anti inflammation, emphysema adjuvant therapy, stroke adjuvant therapy, treat neurological disorders and cerebrovascular diseases. Cancer healing, recovery from chemotherapy	3000ml/min hydrogen+oxygen=2:1 900W power, 6000ml water tank SPE/PEM tech, aluminium alloy shell	1980	1700-1880
	GY-HX3000	Hydrogen inhaler	Anti inflammation, emphysema adjuvant therapy, stroke adjuvant therapy, treat neurological disorders and cerebrovascular diseases. Cancer healing, recovery from chemotherapy	3000ml/min hydrogen+oxygen=2:1 1000W power, 5000ml water tank SPE/PEM tech, aluminium alloy shell	2080	1700-1880

	GY-HX3600	Hydrogen inhaler	Anti inflammation, emphysema adjuvant therapy, stroke adjuvant therapy, treat neurological disorders and cerebrovascular diseases. Cancer healing, recovery from chemotherapy	3600ml/min hydrogen+oxygen=2:1 1000W, 5000ml water tank SPE/PEM tech, aluminium alloy shell	2180	1800-1900
	GY-HX6000	Hydrogen inhaler	Anti inflammation, emphysema adjuvant therapy, stroke adjuvant therapy, treat neurological disorders and cerebrovascular diseases. Cancer healing, recovery from chemotherapy	6000ml/min hydrogen+oxygen=2:1 1000W, 5000ml water tank SPE/PEM tech, aluminium alloy shell	3980	3280-3880
	GY-519-H300/H600	Hydrogen water spa machine	Antioxidant function Hydrogen water can be used to cook, wash food, wash utensils, water flowers, and bath. It has a good effect on skin beauty	Rated power: 300W/600W water output:1L/min-10L/min h2 concentration:2000PPB/3800PPB Water consumption monitoring, water flowrate display, water quality monitoring	880 1180	600-680 (800-980)
	GY-QYJ-319 / GY-QYJ-519	wall-mounted Hydrogen water spa machine	Skin antioxidant and anti-inflammatory repair, relieves fatigue and improves microcirculation. Hydrogen molecules help reduce skin photoaging and oxidative damage, enhance skin moisture content, improve rough skin, promote blood circulation, and relieve muscle soreness.	Rated power: 190W / 260W Input power: 100-240V/50Hz H2 Concentration: 1300ppb / 2000ppb Overall dimensions: 410x300x147(mm)	928 1138	498-598 598-698
